24 Lakisan Estate, Ibadan

ABOUT ME

I'm proficient in popular frontend framework like Reactjs, which I use to build interactive and scalable web applications. I'm also well-versed in using frontend libraries like Bootstrap, Tailwindcss and Material-UI to ensure that the user interface is both aesthetically pleasing and responsive.

SKILL

- Languages: HTML, CSS, JavaScript, TypeScript
- Frameworks/Libraries: React.js, Nextjs, TailwindCSS & Bootstrap.
- Tools/Platforms: Git, GitHub, Netlify, Vercel
- Responsive Design, Cross-Browser Compatibility, UI/UX principles
